

SALT LICK METALS

3218 Salt Lick Road
Vanceburg, KY 41179

Manufacturer of metal roofing and siding panels

- Ask us about our available trims and accessories.
- 40 Year paint warranty available

3' Tuff Rib

At **Salt Lick Metals**, we manufacture our own roofing and siding panels. By making our own panels, we have more control over quality and delivery lead time, both important considerations to our customers. We inventory thousands of pounds of metal in a full palette of colors! This means we can often deliver metal the next day, 2-3 days maximum.

Contact us to see how we can help you with your next metal building project.
